

Short Course on GRAIN PROCESSING & MILLING & BAKING TECHNOLOGY

March 16-17-, 2015, AIBTM, 30/25 Knowledge Park - III, Greater Noida - 201 306, Uttar Pradesh NCR Delhi

Organized by
Assocom Institute of Bakery Technology and Management (AIBTM)
in association with
Canadian International Grains Institute (CIGI)

About: This course is designed for Grain processors, buyers, millers, bakers, food manufacturer, marketers and sales, and distribution personnel within the grains and allied industries, but anyone who's curious is welcome to come along.

This procures provides participants with a better understanding of what happens to grain along each step of the food chain once it has left the farm. This course provides hands-on experience in grain quality testing, milling and baking techniques. Participants will gain a wider knowledge on manufacturing different types of grain food products.
